

## Interprofessional Clinical Experience

### **DEBRIEF GUIDE - Final**

#### **Return prior to leaving on final clinic evening**

1. What have you learned about a colleague during this process that surprised or intrigued you?
2. What did you learn about yourself during this process?
3. What surprised you most during the process?
4. If I could make only one change to this experience, I would...
5. What is the most powerful thing you discovered working on your team?
6. What one change did your team make that improved your process the most?
7. If I wasn't almost ready to enter the field I've chosen, I would want to be a \_\_\_\_\_!
8. What were your expectations of this experience before you began? How did the experience meet or not meet those expectations?
