CAP Tulsa Mission & Vision

Our mission is to help young children in lower-income families grow up and achieve economic success.

Our vision for the future is that children grow up and achieve economic success so that their children are not born into poverty.

Our two-generation approach aims not only to prepare young children for future success in school but also to help their parents succeed through programs designed to increase parenting skills, employability, and earning potential.

A Change In the Scope

Zomi Community in Tulsa

By some estimates, upwards of 7,000 Zomi people from Myanmar make up a thriving community in south Tulsa. It is believed to be the largest community of Zomi people in the U.S.

The Zomi/Burmese population in Tulsa has exploded in the past decade. The number of students in the school districts identified as Zomi/Burmese has gone from 71 to more than 1,000.

"A lot of people have come here because of the poverty, but a lot of people have also come here because of religious freedom. There is no religious freedom in our old country." Joseph Thawn, Immigrant from Myamar
